LIABILITY FOR LOSS OR DAMAGE TO GOODS

Carrier's liability for any loss, damage or destruction to goods being transported shall be that of a motor carrier as set forth in the Carmack Amendment codified at 49 U.S.C. § 14706, as amended from time to time, regardless of whether transport is interstate or intrastate, or involves foreign commerce. In no event shall Carrier be responsible for any consequential, incidental or unforeseen damage or loss. In addition, Carrier shall not be responsible for any such loss, damage, destruction or delay caused by one of the excepted circumstances set forth in 574(A) below. In any event, unless Shipper requests excess value liability coverage as set forth in 574(B) below, Carrier's liability for any loss, damage or destruction to any shipment shall not exceed the lesser of (i) the cost to repair or replace the goods, which shall in no event exceed the commercial invoice amount; and (ii) (A) with respect to new and unused items, \$25.00 per pound, subject to a maximum liability of \$100,000 per shipment; or (B) with respect to used or reconditioned items, \$0.30 per pound, subject to a maximum liability of \$1,000 per shipment. The foregoing notwithstanding, with respect to new and unused items consisting of articles that are described in National Motor Freight Classification Item 116030, Copiers, Printers, Scanners, or Facsimile machines, or components or part thereof, NOI note 116034 Carrier's liability for any loss, damage, or destruction to any shipment shall not exceed the lesser of a) the cost to repair or replace the goods which shall in no event exceed the commercial invoice amount, or b) \$2.50 per pound per package. All shipments with an origin in Alaska are deemed to consist of Used or Reconditioned Articles unless Shipper indicates otherwise in the space provided on the face of Carrier's bill of lading. If Shipper indicates on the face of Carrier's bill of lading that Alaska origin shipments consist of new and unused articles, there shall be a presumption that goods were new and unused unless and until Carrier provides evidence to the contrary.

A. Exceptions: Carrier shall not be liable for loss or damage from the following:

1.
 - a) capture, seizure, arrest, restraint, detainment, confiscation, preemption, requisition or nationalization, and the consequences thereof or any attempt thereat, whether in time of peace or war and whether lawful or otherwise;

 - c) all consequences of hostilities or warlike operations (whether there will be a declaration of war or not), but this warranty shall not exclude collision or contact with aircraft, or with rockets or similar missiles (other than weapons of war) or with fixed or floating object (other than a mine or torpedo), standing, heavy weather, fire or explosion unless caused directly (and independently of the nature of the voyage or service which the vessel concerned or, in the case of a collision, any other vessel involved therein, is performing) by a hostile act by or against a belligerent power; and for the purposes of this "power" includes any authority maintaining naval, military or air forces association with a power.;
 - d) the consequences of civil war, revolution, rebellion, insurrection, or civil strife arising there from; or from the consequences of the imposition of martial law; military or usurped power; or piracy.
2.
 - a) strikes, lockouts, labor disturbances, riots, civil commotions, or acts of any person or persons taking part in any such occurrences or disorders; or
 - b) vandalism, sabotage or malicious act, which shall be deemed also to encompass the act or acts of one or more persons, whether or not agents of a sovereign power, carried out for political, terrorist or ideological purposes and whether any loss, damage or expense resulting there from is accidental or intentional.

8. Loss, damage or expense caused by or resulting from insufficiency or unsuitability of packaging (including overseas containers and stowage therein when merchandise is shipped therein) when performed by the shipper, or beneficial owner of the goods.

When requested by Shipper and agreed to by Carrier; Carrier may perform placement of a container at the Shipper's door for the Shipper to load multiple shipments. Shipper will provide Carrier with a Bill of Lading for each shipment stating Consignee address, freight bill payment terms, detailed commodity description, piece count, packaging type, hazardous material information as outlined in Rule 540 and weight. Carrier will sign for and accept tender of cargo as Shipper Load and Count on all Bills of Lading and verification of the load will not take place at the time of pickup of container. Carrier will accept no liability as to the correctness of the Shippers loading, descriptions, piece count and weight of the Bills of Lading tendered with the load.

Unloading and checking of each shipment, Bill of Lading verification, weight and piece count may be done at the Origin receiving terminal or at the Destination delivery terminal, at the Carriers convenience and without pre-notification to the Shipper. If it is operationally in the best interest of the cargo to not be unloaded and checked until arrival at the prevailing destination terminal Carrier will receive and note piece count and take any over, short or damage exceptions (OS&D) at the time of destination unload.

If Carrier notifies Shipper of any overage, shortage or damage to any container that is pre-loaded by Shipper outside the presence of any Carrier or subcontractor personnel within ten (10) days of the date on which the container is first opened by Carrier, there will be a presumption that such overage, shortage, or damage existed at the time of loading by Shipper.

LOSS/DAMAGE, PRINCIPLES AND PRACTICES FOR THE INVESTIGATION AND DISPOSITION OF CLAIMSA. FILING OF CLAIMS:

(1) Claim in Writing Required

A claim for loss or damage to cargo will not be voluntarily paid by the Carrier, unless filed in writing, as provided in sub-paragraph (2) below, with Carrier, within specified time limits applicable thereto.

(2) Minimum Filing Requirements

A communication in writing from claimant, filed with the Carrier within the limits specified in the bill of lading and (1) containing facts sufficient to identify the cargo, (2) asserting liability for the alleged loss or damage, (3) making claim for the payment of a specified or determinable amount of money and (4) including (i) copy of the freight bill, (ii) copy of the signed delivery receipt, (iii) photographs of the damaged cargo; and (iv) copy of an invoice and/or other supporting documentation evidencing the value of goods claimed, will be considered as sufficient compliance for filing a claim.

(2) Claim Filed for Uncertain Amounts

Whenever a claim is presented against the Carrier for an uncertain amount, such as "100.00 more or less", the Carrier will determine the condition of the cargo at the time of delivery by it, if it was delivered, and will ascertain as nearly as possible the extent, if any, of the loss or damage for which it may be responsible. It will not, however, voluntarily pay a claim under such circumstances unless and until a formal claim, in writing, for a specified or determinable amount of money shall have been filed in accordance with the provisions of sub-paragraph (2) above.

B. ACKNOWLEDGMENT OF CLAIMS:

The Carrier will, upon receipt in writing of a proper claim in the manner and form described in Section A(2) above, acknowledge the receipt of such claim in writing to the claimant within 30 days after the date of its receipt by the Carrier, unless the Carrier will have paid or declined such claim in writing within 30 days of the receipt thereof. The Carrier will indicate in its acknowledgement to the claimant what, if any, additional documentary evidence or other pertinent information may be required by it to further process the claim.

The Carrier will at the time each claim is received create a separate file and assign thereto a successive claim number and note that number on all documents filed in support of the claim and records and correspondence with respect to the claim, including the written acknowledgment of receipt. At the time such claim is received, the Carrier will cause the date of the receipt to be recorded on the face of the claim document and the date of receipt will also appear in the Carrier's written acknowledgment of receipt to the claimant.
