Homer	1 PM		✓		✓	

People know Span Alaska for our unmatched transportation services, smoothly moving freight from the lower 48 to the Last Frontier. With five Alaska terminal locations—in Anchorage, Fairbanks, Kodiak, Wasilla, and Soldotna—Span Alaska offers multiple strategic centers to better serve all of your in-state transportation needs, as well. Our locations, facilities, schedules, connections, strategies, services, equipment, and staff have been chosen with one goal in mind—to make your life easier by solving your transportation challenges.

intrastate service

all the right connections

EXPERIENCE

Span Alaska moves more LTL (less than truckload) freight than any other carrier to Alaska—we've built a solid infrastructure that includes equipment, manpower and facilities in key locations across the state to provide our clients with the service that is consistent, fast and flexible.

SATISFACTION

We treat your shipment like precious cargo. Span Alaska's claim ratio is one-quarter of the national average. We are proud that even in this competitive industry, many of Span Alaska's clients have been with us for 10-20 years.

RELIABILITY

Our comprehensive logistics, single chain of responsibility, guaranteed sailings and focus on customer service give you the peace of mind that your shipment will be on time and in good hands.

ALASKA FOCUS

With four decades of experience serving Alaska, we can provide you with time-tested solutions and customized options to meet the unique needs of shipping to and from the Last Frontier.

CUSTOMIZED SOLUTIONS

Shipping is not a one-size-fits-all solution. We take the time to find the solution that best fits your company's shipping needs, including shipping size, type, timing, warehousing, inventory needs and more.
