Wasilla 907-373-3511

GATEWAY TO THE LOWER 48

Span Alaska Transportation offers southbound shipping to Kodiak, Dutch Harbor and to the Port of Tacoma. For shipments that are destined beyond Tacoma, we also provide truck and rail service to any location in the Lower 48 and Canada. Whichever direction your freight is headed, let Span Alaska get it there for you.

southbound shipping

the SPAN advantage

EXPERIENCE

Span Alaska moves more LTL (less than truckload) freight than any other carrier to Alaska—we've built a solid infrastructure that includes equipment, manpower and facilities in key locations across the state to provide our clients with the service that is consistent, fast and flexible.

SATISFACTION

We treat your shipment like precious cargo. Span Alaska's claim ratio is one-quarter of the national average. We are proud that even in this competitive industry, many of Span Alaska's clients have been with us for 10-20 years.

RELIABILITY

Our comprehensive logistics, single chain of responsibility, guaranteed sailings and focus on customer service give you the peace of mind that your shipment will be on time and in good hands.

CUSTOMIZED SOLUTIONS

Shipping is not a one-size-fits-all solution. We take the time to find the solution that best fits your company's shipping needs, including shipping size, type, timing, warehousing, inventory needs and more.
